

ENGINE OIL FLUSH

EOF325

PRO AUTO®

PRODUCT FEATURES:

- Removes sludge, varnish & other harmful deposits
- Enhances an engines oil drain by ensuring contamination is removed
- Provides additional wear protection during the flushing process using "Extreme Protection Technology"
- Improves the life of new engine oil
- Ensures optimal engine operation is maintained
- Reduces wear to vital engine components

DESCRIPTION:

Engine Oil Flush allows for the safe removal of engine sludge, deposits, and contaminants as part of an engines regular oil change. The use of this product at every oil change will extend the life of your engine's vital components, improve the life of your new engine oil, and enhance your engines performance. The addition of EXTREME PROTECTION TECHNOLOGY™ provides an additional layer of protection whilst the cleaning process is taking place.

DIRECTIONS FOR USE:

With engine off, add entire contents (325ml) to crankcase. Idle engine for 5 to 15 minutes, turn engine off and drain crankcase while oil is still hot. Replace engine oil plug, install new filter and add new oil.

SPECIFICATIONS:

Appearance:	Light brown coloured liquid
Transparency:	Clear
Density:	0.82 ± 0.02 g/mL

ORDERING INFORMATION:

CODE	PACK SIZE	QTY/CARTON
EOF325	325ml	24

TEST DATA & CLAIMS:

- Meets ILSAC GF-6A, GF-6B and API SP performance
- Ingredients suitable for high performance passenger car engine lubricants
- Contains corrosion inhibiting qualities
