

AIR-CON CLEANER

AIR250

PRO WORKSHOP®

PRODUCT FEATURES:

- Eliminates odours fast
- Kills germs & bacteria
- Contains a powerful deodoriser
- Leaves behind a refreshing black ice scent
- Recommended to be used at each service to maintain cleanliness

DESCRIPTION:

Disinfects and sanitises system.

DIRECTIONS FOR USE:

1. Ensure all windows and doors are closed and start the engine.
2. Switch on the air conditioning system, set to low temperature, intermediate fan speed, internal circulation & ensure face level fascia vents are open.
3. Shake the aerosol can and place in the passenger footwell at a 40-degree angle, below the recirculation duct.
4. Depress trigger into the lock-down position. Exit the vehicle and close the doors.
5. Once the can is fully discharged, allow the system to run for a further 5 minutes then switch off the engine and open all doors/windows fully to ventilate the vehicle.
