

HIGH SPEED PENETRANT

HSP350

PRO CONSUMABLES®

PRODUCT FEATURES:

- Quickly loosens rusted & corroded nuts, bolts & other parts
- Stops squeaks & noises
- Lubricates rollers, hinges & slides
- Displaces moisture to help start wet motors
- Provides temporary anti-rust protection
- Helps provide general lubrication to any moving part

DESCRIPTION:

High speed penetrant is specifically designed to help with assisting to dismantle rusted and corroded parts as well as help provide temporary anti rust protection.

High speed penetrant can be used also as a general purpose lubricant due to its quality chemical formulation making it a true multi use product for many applications.

DIRECTIONS FOR USE:

Shake the can well & spray liberally on the affected part, and allow to work on the application for a few minutes and then attempt to loosen. If using for a non penetrating application simply apply the product to the surface requiring protection or lubrication.
