

### SILICONE SPRAY LUBRICANT

SSL350

PRO CONSUMABLES®

#### PRODUCT FEATURES:

- Prevents different types of surfaces sticking together
- Helps to lubricate non-metallic materials
- Will not mark or stain surfaces due to drying clear
- Displaces moisture to help start wet motors
- Ideal for sliding doors, windows or any general lubrication
- Excellent at repelling water & also penetrating

#### DESCRIPTION:

Silicone spray lubricant has been designed to help prolong the life of rubber parts & slow down the deterioration process. silicone spray lubricant can also be used as a general purpose lubricant that waterproofs, protects, and also stops squeaking & sticking of parts whilst providing a protective layer of lubrication to the surface.

#### DIRECTIONS FOR USE:

Shake the can well before use. Hold can 15cm away from the application. Spray the surface holding the can upright whilst spraying & wiping away any excess. A light spray should be sufficient for most applications. For hard to reach areas, an extension tube may be attached to the nozzle.
